

Program Manager

Type – Full time

Location- Alexandria, VA

Reporting – Chief Executive Officer

Position Overview

Nascent Solutions, Inc. (Nascent) is seeking an experienced professional to play the pivotal role of Program Manager at headquarters. The Incumbent will provide strategic and operational oversight to the programs department. The PM will be responsible for the management of program activities, strategy, planning, on-time implementation, budget, compliance, and support donor regulations. She/he will liaise with the technical teams to support the country technical teams. A key aspect of this role will be enhancing structural effectiveness and integrity, providing staff leadership, and building partnerships and alliances to meet project goals and expand the program portfolio.

Company Brief

Nascent is an African women-led international development organization founded 2004 with the mission of harnessing the creative entrepreneurial skills of target beneficiaries and strengthening their capacity to champion the development agenda of their communities. In the last 17 years Nascent has mobilized resources and implemented programs in food security, nutrition, education, and maternal and child health, impacting the lives of over 10 million people in several African countries. Essential Duties and Responsibilities

Program Impact

- Provide cross-departmental management and technical leadership to program staff
- Develop technical strategies based on statistical and market data for the expansion of practice areas by identifying opportunities for organizational growth
- Lead implementation and review of strategic plans and initiate steps to align staff roles, responsibilities, and priorities with program activities
- Oversee the development of compelling and impactful program outcomes to increase company reputation within the humanitarian and development industry
- Manage technical teams by fostering meaningful career development through coaching and mentoring
- Ensure cutting-edge innovations within in-country program approaches to challenges are captured for marketing distribution to expand alliances, inform audiences and potential donors
- Utilize analytical metrics for monitoring results to ensure donor requirements, compliance regulations, project outcomes, and performance targets are met
- Create measurable goals, objectives, and assessment for reporting, coordinating, and examining activity reports through the project cycle with the staff to achieve project deliverables
- Develop and enhance the systems needed to gather internal and external organizational performance data and utilize statistics to assess and improve impact

Leadership and Internal Management

- Support initiatives to build relationships with partner organizations within advocacy, public policy, philanthropy, research, and other scopes of influence
- Embody an executive presence, a dynamic professional style, and the ability to inspire confidence within the program department and at all levels within the organization
- Proactively lead the development of inter-team communication and cohesiveness, sustaining a participatory and empowering culture

- Create and manage long-term program milestones and strategic objectives including development of annual goals through a collaborative, technical staff-based process
- Establish benchmarks and metrics to evaluate technical staff and organizational performance
- Develop and track evaluation mechanisms for feedback and program assessment

Compliance Policy, Budget Analysis and Grant Management

- Participate in developing the annual budget and ensure programmatic activity adheres to the financial proposals
- Develop detailed strategic planning objectives which ensure core regulations, grant compliance, agreements constraints, contract, and donor mandates
- Track complex project funding requirements, metric indicators, expenditures, and budget projections by reviewing financial needs for program parameters
- Participate in yearly activities such as costing, budget reviews, goal setting, and performance evaluations

Required Skills, Qualifications and Attributes

- Advanced degree in International Development, Global Relations, Program Management, Business Administration, or a related discipline
- Certified Project Director (CPD), Project Management Professional (PMP), Portfolio Management Professional (PfMP) or Certified Associate in Program Management (CAPM) certification
- 10+ years of experience with project management preferably in Sub-Saharan Africa with USDA/USAID experience
- Demonstrated technical expertise in grant compliance, US government award mechanisms, risk assessment, monitoring and evaluation of programs and contract rules and regulations
- Profitable track record in setting priorities, shaping processes, guiding investment in people and systems, and developing an infrastructure that creates a stronger and more efficient organization
- Strong research and writing skills with the ability to quickly integrate new trends and research into the programmatic strategy
- Must be detail-oriented with exceptional administrative skills and the ability to see projects through to completion
- Advanced computer skills with solid MS Office understanding, expertise in program management software and of various grant platforms (Oracle, Workspace, Deltek, and/or Salesforce is a plus)
- Demonstrated experience in preparing project reports
- Thorough knowledge of and networks within the international development community is a plus
- Exceptional time management skills with the ability to deliver under tight deadlines
- Willingness and ability to undertake a comprehensive range of tasks, as necessary
- Ability and willingness to travel internationally 15% of the time once restrictions are lifted
